

**Department of Radiology**  
**Medical Student Summer Research Program (DRMSSR)**  
**Scoring Sheet**

Peer Review Criteria	Rating 1=excellent, 2=good, 3= average 4= below average
<b><u>Scientific Merit</u></b>	
Significance of proposed research	1 2 3 4
Innovation	1 2 3 4
Justification for study	1 2 3 4
Proposed study addresses specific aims	1 2 3 4
Experimental design	1 2 3 4
Feasibility to accomplish study	1 2 3 4
Probability of getting meaningful results	1 2 3 4
Reasonable timetable	1 2 3 4
Adequacy of resources	1 2 3 4
Scientific merit subscore (average of subscores)	
<b><u>Relevance</u></b>	
Relevance	1 2 3 4
Potential to improve health care to the communities we serve.	1 2 3 4
Budget outlines specific costs and plan for ongoing accounting design for the project.	1 2 3 4
Likelihood that the research would lead to further grant proposals by extramural organizations	1 2 3 4
Relevance sub-score (average of subscores)	

Overall Grant Score (2/3 scientific merit + 1/3 relevance): \_\_\_\_\_

- 1.0-1.4 = excellent, outstanding
- 1.5-1.9 = very good
- 2.0-2.4 = good
- 2.5-2.9 = average
- 3.0-3.4 = below average
- 3.5-4.0 = poor
- 5.0 = disapproval, scientific or ethical

1. Budget: Appropriate 1 = yes, 2 = no

2. Ethical – Please list any concerns

3. Evidence of Institutional Review Board application/ review – yes no
