

**Selecting Mentors, Labs and Residency Pathways  
MSTP Fall Retreat 2019 Agenda  
Cincinnati Children's CCHMC T14.125 & T14.130  
Saturday, October 19, 2019**

**Retreat Goals**

1. Identify strategies to develop a rational approach to selecting research and clinical mentors.
2. Define key factors to consider when selecting a research laboratory and projects.
3. Learn key factors influencing resident selection for competitive programs.
4. Compare and contrast traditional versus physician scientist residency training programs.
5. Network with residents to learn different strategies for selecting mentors, research projects and residency pathways.

8:00 AM **Arrival & Continental Breakfast**

8:20 AM **Welcome and Agenda**

Kathryn Wikenheiser-Brokamp, MD, PhD – Associate Director of MSTP

8:30 AM **Advice on Selecting Mentors, Labs and Residency Pathways**

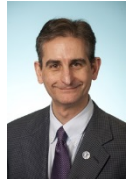

Introduction by Rohit Rao, G4

Louis Muglia, MD, PhD – Professor of Pediatrics

Vice Chair for Research

Director, Division of Human Genetics

Co-Director, Perinatal Institute

9:00 AM **Factors Determining Competitiveness for Residency Programs**

Introduction by Rohit Rao, G4

Robert (Rocky) Ellis, MD – Associate Professor of Family Medicine

Associate Director, MSTP

Director, Family Medicine Clerkship and Division of Medical Student Education

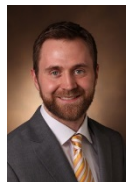

9:30 AM **Life After MSTP: Choosing Residency, Training Pathways, Projects and Mentors**

Introduction by Rohit Rao, G4

John Erickson, MD, PhD - Clinical Fellow, Neonatology-Perinatal Medicine

Cincinnati Childrens Hospital Medical Center

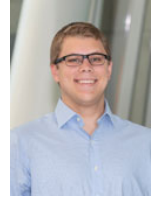

10:00 AM **Break**

10:10 AM **MSTP Student Panel: Sharing Experiences with Selecting Mentors and Labs + Q&A**

Moderator: by Pablo Alarcon, G1

- Moving on when your mentor moves - Stanley DeVore, G1; Kevin Gaitonde, G3
- Finding mentors outside your institution - Camille Sullivan, G4
- Pursuing year G5 - Robert Kleven, G5

11:00 AM **Pediatrics Residency Pathways; Factors Determining Resident and Program Selections**

Introduction by Jake Stevens, M2  
 Sue Poynter, MD, MEd – Associate Professor of Pediatrics  
 Director, Pediatric Residency Training Program  
 Medical Director, Division of Respiratory Care

11:30 AM **Internal Medicine Residency Pathways; Factors Determining Resident and Program Selections**

Introduction by Jake Stevens, M2  
 Jack Rubinstein, MD – Associate Professor of Internal Medicine  
 Director, Physician Scientist Training Program

12:00 PM **Lunch**

12:15 PM **Introductions of Residents and Their Career Pathways**

Moderated by Jake Stevens, M2

**Residents (Fellowship interest area)**

**John (Tim) Caldwell, MD, PhD** – Chief Resident, Pediatrics (Nephrology)

**Nina Prasanphanich, MD, PhD** – RISE Awardee, Pediatric Resident (PL-3) ABP Integrated Pathway (Infectious Disease)

**Andrew Lavik, MD, PhD** - RISE Awardee, Pediatric Resident (PL-3) (Endocrinology)

**David Ritter, MD, PhD** – RISE Awardee, Pediatrics/Neurology Resident (PL-5)

**Francis LeBlanc, MD, PhD** – Pediatric Resident (PL-2) ABP Accelerated Pathway (Hem-Onc)

**Andy Cox, MD, PhD** - Pediatric Resident (PL-2) ABP Accelerated Pathway (Infectious Disease)

**Kristi Betz, MD, PhD** - Pediatric Resident (PL-2) ABP Accelerated Pathway (Infectious Disease)

**Shelby Steinmeyer, MD, PhD** - Pediatric Resident (PL-2) (NICU)

**Pooneh Nabavizadeh, MD** – Internal Medicine PSTP Resident (Cardiology)

**Jose Gomez-Arroyo, MD, PhD** – Internal Medicine PSTP Resident (Pulmonary & Critical Care)

1:00 PM **Roundtable Discussions (4 – 15-minute discussions)**

Led by Jake Stevens, M2

2:00 PM **Highlights of Discussion Session**

Jake Stevens, M2

2:15 PM **Retreat Survey & Wrap-Up**

Rohit Rao, G4

Kathryn Wikenheiser-Brokamp, MD, PhD – Associate Director, MSTP

2:30 PM **Adjourn**
